TITLE 3-THE PRESIDENT **PROCLAMATION 3016**

PRAYER FOR PEACE, MEMORIAL DAY, 1953 BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the bodies of our war dead lie buried in hallowed plots throughout the land, and it has long been our custom to decorate their graves on Memorial Day in token of our respect for them as beloved friends and kinsmen and of our aspiration that war may be removed from the earth forever; and

WHEREAS it is fitting that, while remembering the sacrifices of our countrymen, we join in united prayers to Almighty God for peace on earth; and

WHEREAS the Congress, in a joint resolution approved May 11, 1950, provided that Memorial Day should thenceforth be set aside nationally as a day of prayer for permanent peace and requested that the President issue a proclamation calling upon the people of the United States to observe each Memorial Day in that manner:

NOW THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby proclaim Memorial Day, Saturday, May 30, 1953, as a day of prayer for permanent peace, and I designate the hour beginning at eleven o'clock in the morning of that day, Eastern Daylight Saying Time, as a period in which all the people of the Nation, each according to his religious faith, may unite in solemn prayer.

Let us make that day one of twofold dedication. Let us reverently honor those who have fallen in war, and rededicate ourselves through prayer to the cause of peace, to the end that the day may come when we shall never have another war-never another Unknown Soldier.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-first day of May in the year of our Lord nineteen hundred and fifty-three, and of the Inde-pendence of the United States of America the one hundred and seventy-seventh.

DWIGHT D. EISENHOWER

By the President:

WALTER B. SLUTH, Acting Secretary of State.

DESIGNATION OF COUNTRIES WHERE PIN-DERPEST OR FOOT-AND-MOUTH DISEASE EXISTS: IMPORTATIONS PROHIBITED; MEXICO

Pursuant to the authority vested in the Secretary of Agriculture by section 306 of the Tariff Act of 1930 (Sec. 305, 46 Stat. 689, 19 U.S. C. 1306) and by section 2 of the act of February 2, 1903, as amended (sec. 2, 32 Stat. 792, as amended, 21 U.S. C. 111) § 94.1 of the regulations relating to prohibitions and restrictions upon importations of certain animals and products because of rinderpest, foot-and-mouth disease, fowl pest (fowl plague) and Newcastle disease (avian pneumoencephalitis) (9 CFR, 1952 Supp., 94.1) is hereby amended by inserting the word "Mexico" before the words "Island of Martinique" in the first sentence thereof.

The above action is taken because the Secretary of Agriculture has determined that foot-and-mouth disease now exists in Mexico and so notified the Secretary of the Treasury. The primary effect of the amendment is to prohibit the impor-

tation of cattle, sheep, other domestic' ruminants and swine, and fresh, chilled, or frozen beef, veal, mutton, lamb, or pork from Mexico, and to prohibit or restrict the importation of meat and meat products of wild ruminants and swine, and certain other meats and products.

The protection of the livestock interests of the United States demands that this amendment be made effective at the earliest possible moment. Accordingly, pursuant to section 4 of the Administrative Procedure Act (5 U. S. C. 1003) it is found upon good cause, that notice and public procedure concerning this amendment are impracticable and contrary to the public interest, and good cause is found, under the said section 4, for making the amendment effective less than 30 days after publication in the Federal Register. Such notice and hearing are not required by any other statute.

This amendment shall become effective immediately.

(Sec. 2, 32 Stat. 792, as amended, sec. 306, 46 Stat. 689; 19 U. S. C. 1306, 21 U. S. C. 111)

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interprets or applies secs. 3, 5, 38 Stat. 731, 719, as amended; 15 U. S. C. 14, 45) [Cease and desist order, Underwood Corporation, New York, N. Y., Docket 5797, March 2, 1953]

Pursuant to the provisions of an act of Congress approved on October 15, 1914, entitled "An act to supplement existing laws against unlawful restraints and monopolies, and for other purposes" (the Clayton Act) and to the provisions of the Federal Trade Commission Act. the Federal Trade Commission, on July 12, 1950, issued and subsequently served its complaint in this proceeding upon the respondent, Underwood Corporation, a corporation, charging it with having made agreements and contracts pursuant to which the other parties thereto were furnished by respondent with devices known as carbon roll bracket plates for use without direct charge, but only upon machines manufactured or marketed by respondent and only with carbon rolls supplied by respondent, in violation of the provisions of section 3 of said Clayton Act, and with the use of unfair methods of competition and unfair and deceptive acts and practices in commerce in violation of the provisions of section 5 of the Federal Trade Commission Act. After the issuance of said complaint and the filing of respondent's answer thereto, a hearing was held before a hearing examiner of the Commission theretofore duly designated by it. at which a stipulation, signed by counsel in support of and in opposition to the complaint and comprising all the evidence to be offered in support of and in opposition to the complaint, was received in evidence and duly recorded and filed in the office of the Commission. Subsequently it was further stipulated by said counsel that the stipulation referred to above may be taken as the facts in this proceeding upon such issues as are not determined by the pleadings, and that the said stipulation and pleadings may serve as a basis for findings as to the facts and conclusion based thereon and order disposing of the proceeding. Thereafter. the hearing examiner having denied respondent's motion to dismiss the complaint without prejudice, the proceeding regularly came on for final consideration by the hearing examiner upon the complaint, the answer thereto, and the said stipulations, and said hearing examiner, on October 19, 1950, filed his initial decision.

Within the time permitted by the Commission's rules of practice, both counsel supporting the complaint and for respondent filed with the Commission appeals from said initial decision. and thereafter this proceeding regularly came on for final consideration by the Commission upon the record herein, including briefs in support of and in opposition to the said appeals and oral arguments of counsel; and the Commission, having entered its order granting the appeal of counsel supporting the complaint and granting in part and denying in part the appeal of respondent, and being now fully advised in the premises, finds that this proceeding is in the interest of the public and makes this its findings as to the facts' and its conclusion drawn therefrom and order, the same to be in lieu of the initial decision of the hearing examiner.

It is ordered, That the respondent, Underwood Corporation, a corporation,

and its officers, agents, representatives and employees, directly or through any corporate or other device, in connection with the leasing, selling or contracting for the sale of respondent's carbon roll bracket plates, or any similar devices, in commerce, as "commerce" is defined in the act of Congress entitled "An act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914 (the Clayton Act), do forthwith cease and desist from:

1. Leasing, selling or making any contract for the sale of respondent's carbon roll bracket plates, or any similar devices, on the condition, agreement or understanding that the lessees or purchasors thereof shall not use such devices with carbon rolls other than those acquired from respondent.

It is further ordered, That the respondent, Underwood Corporation, a corporation, and its officers, agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, leasing or distribution of respondent's carbon roll bracket plates, or any similar device, or carbon rolls, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

2. Leasing, selling or making any contract for the sale of respondent's carbon roll bracket plates, or any similar devices, on the condition, agreement or understanding that the lessees or purchasers thereof shall not use such devices with carbon rolls other than those acquired from respondent.

3. Representing, directly or by implication, that the users of said carbon roll bracket plates, or similar devices, are obligated to buy carbon rolls exclusively from respondent.

It is further ordered, That respondent, Underwood Corporation, shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

TITLE 18—CONSERVATION OF POWER

Chapter I—Federal Power Commission

[Docket No. R-124]

PART 154—RATE SCHEDULES AND TARIFFS RATE INCREASES

In the matter of amendment of Part 154 of Subchapter E, regulations under the Natural Gas Act, to prescribe requirements to govern the filing of rate

Filed as part of the original document.

²Commissioner Carretta not participating for the reason that oral argument was heard on December 20, 1950, prior to his becoming a member of the Commission.

increases under the provisions of section 4 (d) of the Natural Gas Act; Docket No. R-124.

In this proceeding the Commission has under consideration the amendment of § 154.63 (b) (3) of Part 154—Rate Schedules and Tariffs, of Subchapter E—Regulations Under The Natural Gas Act, of Chapter I of Title 18, Code of Federal Regulations.

General public notice of proposed rule making in the above-entitled matter was given by publication of notice in the Federal Register on October 8, 1952 (17 F. R. 889–8991) and by mailing notices to interested persons, including naturalgas companies, and to State and Federal regulatory agencies.

In response to such notice, numerous suggestions and comments were submitted by interested parties respecting the changes in the Commission's rules herein proposed. Preceding oral argument a prehearing conference was held between industry representatives and the staff concerning the proposed rule and the suggestions and comments submitted. On December 18, 1952, the Commission heard oral argument by all parties who expressed a desire to be heard, upon the matters involved in the proposed rule making.

Following oral argument, further conferences between representatives of natural-gas companies and members of the staff and other interested parties, and between the Commission, representatives of natural-gas companies and members of the staff, were held for the purpose of further consideration of views, comments and suggestions concerning the proposed revision of rules and regulations. As a basis for discussion at such conferences the Commission transmitted revisions of the proposed rules to all persons participating therein.

All suggestions, comments and views submitted have been carefully considered and to the extent deemed pertinent and desirable have been embodied in the amendments herein adopted.

The Commission finds:

(1) The adoption and promulgation of the proposed rule, as revised, will effect needed changes to govern the filing of rate increases under the provisions of section 4 (d) of the Natural Gas Act.

(2) The amendments as hereinafter adopted are necessary and appropriate to carry out the provisions of the Natural Gas Act.

The Commission, acting pursuant to authority granted by the Natural Gas Act, particularly sections 4 and 16 (52 Stat. 822, 830; 15 U.S. C. 717c, 717o) orders:

- (A) Section 154.63 (b) (3) of Part 154—Rate Schedules and Tariffs, of Subchapter E—Regulations Under The Natural Gas Act, of Chapter I of Title 18, Code of Federal Regulations, be and the same is hereby amended so that said section will read as set forth below.
- (B) The new and amended rules and regulations herein prescribed be and they are hereby made effective on and after July 1, 1953.

(C) The Secretary of the Commission shall cause publication of this order to be made in the Federal Register.

(Sec. 16, 52 Stat. 830; 15 U.S. C. 7170)

Adopted: May 12, 1953. Issued: May 21, 1953. By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary,

§ 154.63 Material submitted with changes in a tariff, executed service agreement or part thereof.

(b) * * *

(3) Rate increase applications—(i) Rate increases. (a) If the proposed change in tariff or rate schedule will result in a major increase in rates or charges, there shall be submitted Statements A to M, inclusive, described hereafter: Provided, however, That Class B, C and D companies, as defined in the Uniform System of Accounts for natural gas companies, need file only Statements L. M and N. Proposed increases are major when (1) the changes relate to a general increase in revenues for the purpose of obtaining a fair return on the jurisdictional sales, (2) where they extend to all, or substantially all, of the jurisdictional sales, or (3) where an increase in rates is associated with the delivery of substantially increased volumes of gas to existing customers: Provided, however That a natural gas company filing another major increase in rates or charges within a period of twelve months after the filing of Statements A through M, may submit for such other increase Statements L, M and N in lieu of Statements A through M, if.

(i) The proposed new rate increase is filed to compensate only for an increase in the cost of purchased gas; and

(ii) There has been no material change in the natural gas company's facilities, sales volumes, and cost of service other than cost of purchased gas since such prior rate increase was filed.

(b) If minor increases are proposed, then Statements L, M and N shall be filed. Minor changes are those which are not designed to provide general revenue increases, such as to offset increased costs or otherwise achieve a fair return on the over-all jurisdictional business. Minor changes usually relate to a few schedules and are designed to bring such schedules into harmony with general tariff policy, to eliminate inequities and to achieve other formal adjustments, in cases where any increase in revenue is subordinate to some other purpose. For the purpose of compliance with these rules, proposed increases in rates or charges which, for the test period, do not exceed the smaller of \$100,000, or 5 percent, of the revenues under the jurisdiction of the Commission shall be considered minor.

(c) If, in addition to the data specified in Statements A to N, the natural gas company has relied on other data in support of its rate increase, such other data, appropriately identified and designated as such and separately stated, shall be submitted. Ten sets of the statements and of the additional information, if any, shall be submitted, each set securely bound in a cover.

(d) Where the data submitted in Statements A to N do not comply with the requirements of the rules, the rate filling is subject to rejection.

(e) Test period: (1) If the natural gas company has been in operation for 12 months at the time of the filing, the Statements A to K, inclusive, or N, as appropriate, shall be based upon a test period consisting of 12 consecutive months of most recently available actual experience, adjusted for changes in revenues and costs which are known and are measurable with reasonable accuracy at the time of the filing, and which will become effective within seven months of the last month of available actual experience: Provided, however That, for good cause shown, upon application of the natural gas company made to the Commission 30 days in advance of the rate filing, the Commission may allow reasonable deviation from the prescribed test period. The 12 months of experience shall be adjusted to eliminate nonrecurring items, but this shall not preclude the replacement of the nonrecurring item with another item of non-recurring nature which the natural gas company anticipates will be realized, including the provision for the normalizing of such items as rate case expenses. If the natural gas company has had less than 12 months' experience, the test period may consist of 12 consecutive months ending not more than one year from filing date.

(2) Adjustments to experience, or estimates where 12 months' experience is not available, may include the amounts for facilities for which a permanent or temporary certificate is outstanding, provided such facilities will be in service within the test period, but shall not include any amounts for facilities in respect to which a certificate of public convenience and necessity must be obtained but which has not been issued at the date of filing, nor shall adjustments or estimates include any amounts for other facilities associated therewith. The bases and procedures, including significant data, used in the derivation of adjustments or estimates shall be submitted in sufficient detail on supporting statements as to permit ready analysis of such adjustments or estimates.

(f) Joint facilities: If the natural gas company operates other departments in addition to the natural gas operations involved in the subject rate increase and has allocated to such natural gas operations any of its investment in joint or other department facilities and the operating, maintenance, or depreciation costs associated therewith, it shall show on the following statements, or the schedules in support thereof, the amounts so allocated together with the methods used in making such allocations: Provided, That if such allocations are recorded in the natural gas company's books on the basis of current accounting procedures the submittal may be confined to a brief description of the methods followed.

Statement A—Over-all cost of service. This statement shall summarize the over-all gas utility cost of service (operating expenses, depreciation, taxes and return) developed from the supporting statements described below.

Statement B-Rate base and return. This statement shall summarize the over-all gas utility rate base from the figures contained in Statements C, D and E, with an appropriate deduction for Contributions in Aid of Construction, if any. The statement shall also include the claimed rate of return and shall show the application of the claimed

rate of return to the over-all rate base.

Statement C—Cost of plant. This statement shall show in summary form the amounts of gas utility plant classified by Accounts 100.1, 100.2, 100.3, 100.4, 100.5 and 100.6 as of the beginning of the 12 months of actual experience, the book additions and reductions during such 12 months, together with the balances at the end of such 12 months. In adjoining columns there shall be shown the adjustments, if any, to the book balances and the total cost of the

A supporting schedule in similar columnar form shall be submitted showing for each of the above accounts the amounts by detailed plant accounts as prescribed by the Commission's Uniform System of Accounts for Natural Gas Companies (§§ 201.301 to 201.392 of Subchapter F of this chapter) with sub-totals thereof by functional classifications, i. e., Intangible Plant, Manufactured Gas Production Plant, Natural Gas Production Plant, Products Extraction Plant, Underground Storage Plant, Local Storage Plant, Transmission Plant, City Gate and Main Line Industrial Measuring and Regulating Station Plant, General Distribution System Plant, and General Plant: Provided, however, that to the extent plant costs are not avail-able by detailed plant accounts they may be shown by functional classifications. All adjustments shall be fully and clearly explained.

The supporting schedule for Account 100.1 shall include appropriate adjustments to ex-clude major items of plant which are ex-pected to be retired from service during the test period.

The supporting schedule for Account 100.3 shall include adjustments to exclude such plant as in process of construction which is not expected to be placed in service by the end of the test period.

The major plant additions and retirements, together with associated costs, for the test period shall be described and the approximate dates of commercial operation or retirement from service shall be given.

Statement D-Accrued depreciation, depletion and amortization. This statement shall show the depreciation, depletion and amortization reserves by functional classifications of gas utility plant as of the beginning of the 12 months of actual experience, the book additions and reductions during such 12 months, together with the balances at the end of such 12 months. In adjoining columns there shall be shown the adjustments, if any, to the book figures and the total. Such adjustments shall be clearly and fully explained. If it is necessary to allocate an over-all gas plant reserve by functions, a complete explanation of the method, procedures and significant data used in making the allocation shall be set forth.

Statement E—Working capital. This

statement shall show the computation of the working capital claimed as a part of the gas utility rate base. The statement shall show the respective components of the claimed working capital and be in such detail as to show how the amount of each component was computed. The balances for Materials and Supplies and Prepayments for gas utility operations shall be shown at the beginning and at the end of each of the 12 months of actual experience.

If the cost of natural gas in storage is claimed as a part of the rate base, a separate supporting schedule shall be submitted showing the quantities and the respective costs of natural gas stored at the beginning of the test period, the input and output in Mcf and associated costs by months, and the balance at the end of the 12 months of actual experience.

Any necessary adjustments shall be shown in columns adjoining the amounts recorded in the books. Such adjustments shall be clearly and fully explained.

Statement F-Rate of return-(1) Rate of return claimed. This statement shall show the percentage rate of return claimed and the general reasons therefor. In addition, the following information shall be submitted:

(2) Debt capital. (i) Show for each class and series of long-term debt outstanding according to the balance sheet as of the end of the 12-months actual experience:

- (a) Title.
- (b) Date of issuance and date of maturity.

(c) Interest rate.

(d) Principal amount of issue: Gross proceeds.

Underwriters discount or commission: Amount.

Net proceeds.

Net proceeds per unit.

(e) Cost of money. Yield of maturity based on the interest rate and net proceeds per unit outstanding determined by reference to any generally accepted table of bond

(f) If issue is owned by an affiliate, state name and relationship of owner.

(ii) Show weighted average cost of debt capital as determined from the foregoing detail.

(3) Preferred stock capital. (i) Show for each class and series of preferred stock outstanding according to the balance sheet as of the end of the 12-months actual experience:

- (b) Date of issuance.
- (c) If callable, call price.
- (d) If convertible, terms of conversion.
- (e) Dividend rate.
- (f) Par or stated amount of issue.

Gross proceeds.

Underwriters discount or commission: Amount.

Percent gross proceeds.

Issuance expenses:

Percent gross procéeds.

Net proceeds.

Net proceeds per unit.

(g) Cost of money:

Dividend rate divided by net proceeds per unit.

- (h) Whether issue was offered to stockholders through subscription rights or to the public.
- (i) If issue is owned by an amiliato, state name and relationship of owner.
- (ii) Show weighted average cost of outstanding preferred stock capital as determined by detail submitted under Subpart (2) (i) abovo.
- (4) Common stock capital. (i) Show for each sale of common stock during the fiveyear period preceding the balance sheet as of the end of the 12-months actual expe-
- (a) Number of shares sold.
- (1) Gross proceeds at offering price.
 (2) Underwriters discount or commis

Percent gross proceeds.
(5) Net proceeds:

Offering price per share.

Net proceeds per share.

(c) Book value per share at date immodiately prior to insurance: Closing market price at latest trading

date prior to date of issuance.

Latest published earnings per share available at date of issuance. Dividend rate at date of issuance,

Whether issue was offered to stockholders through subscription rights or to the public.

(ii) Submit information respecting any stock dividends, stock splits or changes in par or stated value during five-year period preceding date of the balance sheet and by months for the twelve-month period ended that date.

(iii) Submit following information on outstanding common stock for the five calendar years preceding the date of the balance sheet and by months for the twelve-month period ended that date:

	Average number of shares out- standing ¹	Book value (per share) I	Annual earnings (per share) 2	Annual dividend (rato per share)	Divi- dends (percent earnings)	Average market price, basis monthly, high-low	Earnings (price ratio) [‡]	Divi- dend (price ratio) 4

This information need not be submitted by months.
 For monthly figures, show latest reported twelve-month average.
 Relationship of annual earnings per share to average of the 12 monthly high-low market values of stock. In the case of monthly data use latest reported earnings in computing ratio of earnings to average high-low market value for month.

for month.

6 Relationship of dividend per share to average high-low market value of stock.

¹Where a substantial portion of the common stock of the natural gas company is not held by the public but is owned by another corporation, whose principal business is the holding of the securities of gas utilities, the information required by this section in re-

spect of debt capital and preferred stock capital shall be submitted to the extent applicable, and in addition the data described shall be submitted with respect to the debt, preferred stock and common stock of the parent company.

- (iv) If the applicant relied upon ratios or other data concerning the common stocks of other specific companies in reaching its conclusion as to a fair allowance for earnings on common equity, submit the following information to the extent available from published sources respecting the common stock of such other companies:
- (a) With respect to recent issuances, the same information as submitted under (3) (i).
- (b) With respect to outstanding issues, the same information as submitted under (3) (iii).
- (v) Show the earnings per share of common stock which the claimed rate of return would vield.

Statement G--Gas operating revenues and sales volumes. This statement shall show the revenues from gas sales, other gas operating revenues, and sales volumes classified as between jurisdictional and non-jurisdictional sales and services as follows:

(a) Sales volumes by months and the totals thereof for the 12 months of actual experience, the revenues corresponding thereto from jurisdictional sales as computed under the presently effective and proposed rates together with the differences in such revenues for the 12 months, and the revenues from the non-jurisdictional sales under the rates effective during the 12 months.

(b) Sales volumes by months and the totals thereof as adjusted for changes which are known and measurable and which are expected to be realized within seven months of the last month of available actual experience, the revenues corresponding there-to from jurisdictional sales as computed under the presently effective and proposed rates together with the differences in such revenues for the test period, and the revenues from the non-jurisdictional sales under the rates effective during the test period.

Each jurisdictional sale for resale, and each jurisdictional transportation service, shall be shown separately but the main line nonjurisdictional sales and non-jurisdictional field sales may be separately grouped and the other sales may also be grouped by the classifications prescribed by the Commis-sion's Uniform System of Accounts for Natural Gas Companies. For each revenue item shown separately, there shall be shown the points of delivery, the sales for each month, actual and as adjusted, the maximum single day's delivery in each month if readily available, and the billing determinants (demands and volumes reduced to a common stated pressure base. Btu adjustments, etc.). In the event any sale shown separately is made through more than one delivery point, and conjunctive billing is provided by the tariff, the above data may be combined for all delivery points.

The data supplied in this statement shall

be in lieu of the data called for by § 154.63

(b) (2) of these rules.

Statement H-Revenue deductions-(1) Operating expenses. This statement shall show the gas operating expenses according to each account of the Uniform System of Accounts for Natural Gas Companies. The operating expenses shall be shown under appropriate columnar-headings, as follows, with sub-totals for each functional classification: (a) Actual operating expenses by months for the 12 months of actual experience, and the total thereof, (b) adjustments, if any, to such total actual operating expenses, and (c) total adjusted operating expenses for the test period. Detailed explanations of the adjustments, if any, and the manner of their determination shall be supplied, specifying the month or months during which the adjustments would be applicable.

On a separate supporting schedule, the total annual cost of gas purchased for the

most recent 12 months of actual experience. the adjustments thereto for the test period. and the total adjusted cost shall be detailed for each purchase source of supply, provided, however, that with respect to field and gazoline plant outlet purchases, as designated in the Uniform System of Accounts for Natural Gas Companies, the data, except that relating to purchases from affiliates, may be grouped by fields and prices. The cchedule shall also show the volumes in Mcf, pressure base, and the components of the purchase gas costs as between demand costs, commodity costs, etc. Field purchases of 100,000 Mcf or less annually from individual vendors may be grouped by field or production areas.

(2) Depreciation, depletion, and amortization expense. This statement shall show the gas plant depreciation, depletion, and amortization expense by functional classifications for the test period. These expenses shall be shown in separate columns, as follows: (a) Expenses for the 12 months of actual experience, (b) adjustments, if any, to such expense, and (c) the total adjusted expense for the test period. All adjustments shall be fully and clearly explained. The amounts of depreciable plant shall be shown by the functions specified in Account 503.1. Depreciation of the Commission's Uniform System of Accounts for Natural Gas Companies, and, if available, for each detailed plant account, together with the rates used in computing such expenses. Any deviation from the rates used in the applicant's last annual report on file with the Commission shall be explained showing the rate or rates previously used together with supporting data for the

new rate or rates used for this statement.
(3) Income taxes. This statement shall show the estimated income taxes and the computation thereof separately as between Federal and State, for the test period, based on the claimed return applied to the overall gas utility base. If the natural gas company has income from other departments, there shall be shown the total estimated corporate income tax for the test period and the methods employed in allo-cating such total tax to the ceveral depart-If the natural gas company joins in a consolidated tax return, there shall be given the total estimated tax cavings expressed as a percentage, resulting from the filing of the consolidated return, as well as a full explanation of the method of computing the tax saving for the natural gas company and its natural gas utility depart-

Any abnormalities (such as non-recurring income, losses, deductions, etc.) affecting the income tax for the test period shall be explained and the tax effect thereon cet forth.

(4) Other taxes. This statement shall show the gas utility taxes, other than Federal or State income taxes, applicable to the test period. These taxes shall be shown in separate columns, as follows: (a) Tax expense per books for the 12 months of actual exper books for the 2 months of actual ex-perience, (b) adjustments, if any, to such taxes, and (c) the total adjusted taxes for the test period. The taxes shall be shown by states and by kind of taxes. All adjust-ments shall be fully and clearly explained.

Statement I-Allocation of over-all cost of ervice. This statement shall show the allocation of the over-all cost of service (Statement A), between the jurisdictional and the non-jurisdictional cales and services. The statement shall show the allocation of the operating expenses (by functional classifications), depreciation, depletion and amortization expenses, income taxes, other taxes and return, and for each such cost of service item the statement shall show the allocation ratio or ratios used, including the deriva-tion of such ratios. The methods and the procedures used in allocating the costs shall be set forth in such detail as to readily dis-

closs the principles and steps followed. Where a demand factor is used in allocating costs, full details of the classification of costs to that factor and of the bases of allocation, such as respective loads during peak period, etc., chall be given. The deliveries to jurisdictional and nonjurisdictional customers on the three continuous days of maximum transmission system deliveries during October, November, December, January, February, and March within the 12 months of actual experience chall be shown and classified as between firm, interruptible, exchange, emergency, etc., gas deliveries. In addition, there shall be shown the estimated three-day corresponding data for the test period, if expected to be different from actual experience.

This statement shall include a schedule chowing by months, and total thereof, for the came twelve months of actual experience, the company's Gas Account, in the form required by the Commission's Annual Report orm No. 2, page 121. In addition, there shall be shown corresponding data estimated for the test period, if expected to be different

from the actual experience.

Statement J—Allocation of cost of service my zones. If the rates on file are zoned, or if it is proposed to establish zone rates, the cost of cervice for the test period shall be further allocated to the existing or proposed rate zones. A detailed description of methods and procedures used to allocate cost to zones chall be given. Where zones are cought to be established for the first time, the reasons for this establishment and for the zone boundaries selected shall be set

Statement K—Comparison of estimated revenues with cost of service. Tals statement shall consist of a comparison of the total jurisdictional revenues with the allocated cost of service for the test period. Where zone rates are in existence or are proposed, this statement shall also include a comparison of revenues and costs by zones.

Statement L—Balance sheet. A balance

cheet in the form prescribed by the Commiscion's Uniform System of Accounts for Natural Gas Companies as of the beginning of the 12 months of most recently available actual experience and as of the most recent date available, including therein the notes, if any, applicable to the balance sheet.

Statement M-Income statement. An income statement in the form prescribed by the Commission's Uniform System of Accounts for Natural Gas Companies for the 12 months of most recently available actual experience, including therein the notes, if any, applicable

to the income statement.

Statement N-This statement shall contain the principal determinants essential to test the reasonableness of the proposed rate or charge. Any adjustments to book figures, for the items shown below, shall be separately stated and the bacis for the adjustment shall be explained. The following data for the test period shall be submitted:

- 1. Cost of plant by functional classification as of the beginning and as of the end of the test period.
- 2. Accrued reserve for depreciation, depletion and amortization by functional classifications as of the beginning and as of the end of the test period.

 3. Average working capital by components
- of the claimed working capital using the averages of the amounts as of the beginning and as of the end of each month of the test period.
- 4. Rate of return claimed with a brief statement of the back therefor.
- 5. Operating expenses by functional classifications.
- 6. Depreciation, depletion, and amortization expense by functional classifications.
- 7. Income taxes computed on the basis of the rate of return claimed.
- 8. Other taxes.

9. Cost of service allocated to the sales or services for which the increase in rate or charge is proposed, including the principal determinants used for allocation purposes.

10. Comparison of cost of service with revenues under proposed rates.

(ii) Preparation for hearing. A natural gas company filing for an increase in rates or charges shall be prepared to go forward at a hearing on reasonable notice and sustain the burden of proof imposed by the Natural Gas Act of establishing that its proposed changes are just and reasonable and not unduly discriminatory or preferential.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes
[T. D. 6011; Regs. 111]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

INCREASE IN LIMITATION ON WAGES PROVIDED BY SOCIAL SECURITY ACT AMENDMENTS OF 1950

In order that Regulations 111 (26 CFR Part 29) will reflect the increase, from \$3,000 to \$3,600, in the limitation on wages provided for by the Social Security Act Amendments of 1950, Public Law 734 (81st Cong.) approved August 28, 1950, such regulations are hereby amended as follows:

PARAGRAPH 1. Section 29.165-3 is amended as follows:

(A) By striking out in the first sentence of paragraph (d) "\$3,000" and inserting in lieu thereof "\$3,600 (or, prior to 1951, \$3,000)"

(B) By striking out in the seventh sentence of paragraph (d) "earning \$3,000 per annum" and inserting in lieu thereof "whose annual remuneration is \$3,600 (or, prior to 1951, \$3,000)"

Par. 2. Section 29.165-4, as amended by Treasury Decision 5422, approved December 13, 1944, is further amended by striking the fifth sentence which begins "Thus, a plan" and substituting in lieu thereof the following sentence: "Thus, a plan will not be considered discriminatory merely because the contributions or benefits bear a uniform relationship to total compensation, or to the basic or regular rate of compensation, or merely because the contributions or benefits based on the first \$3,600 (or, prior to 1951, the first \$3,000) of annual compensation of employees subject to the Federal Insurance Contributions Act differ from the contributions or benefits based on the excess of such annual compensation over \$3,600 (or, prior to 1951, over \$3,000) "

Because this Treasury decision is merely to conform the regulations to the increase in the limitation on wages provided for by the Social Security Act Amendments of 1950, it is unnecessary to issue the Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 21-16]

PART 21—AIRLINE TRANSPORT PILOT RATING

REISSUANCE OF EXPIRED AIRLINE TRANSPORT PILOT CERTIFICATES

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 21st day of May 1953.

On May 1, 1949, the Civil Air Regulations were amended to require type ratings for aircraft exceeding 12,500 pounds or more maximum certificated weight. However, provision was made so that the holder of a valid pilot certificate issued prior to May 1, 1949, was not required until May 1, 1953, to have a type rating to pilot aircraft exceeding 12,500 pounds maximum certificated weight for which he held appropriate category and class ratings.

On August 27, 1952, amendments to Part 43 for private and commercial pilots and Part 21 for airline transport pilots provided for the exchange of pilot certificates and enabled the pilot to secure type ratings under the conditions specified therein without a further showing of competency. In the case of the airline transport pilot certificate, it was additionally specified that all such certificates having horsepower ratings would not be valid after May 1, 1953. The present regulations do not provide reinstatement privileges and it is necessary for the holder of an expired airline transport pilot certificate to requalify for the issuance of his certificate by meeting the requirements prescribed in Part 21.

Since May 1, 1953, it appears that a substantial number of persons, formerly holders of airline transport pilot certificates, have permitted their certificates to expire. Certain of these pilots have been serving with the armed forces, in some instances in areas outside the United States, while others are pilots who were not serving in airline and other organizations where these regulatory changes would be directed to their attention. The expiration of the airline transport pilot certificates of these pilots on May 1, 1953, resulted in complete loss

(

of pilot status. Since commercial as well as private pilot privileges are incorporated in these certificates, these individuals not only lost the privileges of their airline transport pilot rating but also their commercial or private pilot privileges.

In view of the foregoing, it appears desirable that the regulations be amended to provide for reinstatement of airline transport pilot certificates which expired on May 1, 1953, upon application to the Administrator and without further demonstration of competency. In view of existing provisions governing recent experience and pilot competency checks, it appears that such reinstatement can be made without adversely affecting safety. This amendment does not permit the use of expired airline transport pilot certificates but requires the pilot to make application and secure a new certificate prior to exercising pilot privileges.

Since persons who formerly held airline transport pilot certificates have in many instances failed to exchange such certificates prior to May 1, 1953, due to lack of normal accessibility to information which would call to their attention current regulatory changes and thereby have lost all pilot privileges, it appears that these persons should be afforded immediate relief from the undesirable burdens created by the present regulation. For these reasons the Board finds that notice and public procedure hereon are impracticable and contrary to the public interest and that good cause exists for making this amendment effective on less than thirty days' notice.
In consideration of the foregoing, the

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 21 of the Civil Air Regulations (14 CFR Part 21, as amended) effective immediately.

By amending § 21.24 by adding a new paragraph (f) to read as follows:

§ 21.24 Duration. * * *

(f) Upon application to the Administrator, a person who on April 30, 1953, held a valid airline transport pilot certificate showing horsepower ratings and who failed to exchange such certificato prior to May 1, 1953, may, notwithstanding such failure and without further showing of competency, obtain an air-line transport pilot certificate showing the aircraft category and class ratings and any aircraft type ratings for which he was qualified previous to May 1, 1953. under paragraph (e) of this section. Such a person may also reinstate any pilot or other special ratings shown on the expired airline transport pllot certificate.

Chapter II—Civil Aeronautics Administration, Department of Commerce

Part 609—Standard Instrument Approach Procedures

ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety of the figure public. Compilance with the notice, procedures and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

1 The low frequency lange procedures prescribed in § 609 6 are amended to lead in part:

(x) United Nations Service Medal.

(xi) Appurtenances authorized for wear on the above mentioned service medals.

2. Paragraph (a) of § 578.27 is revised to read as follows:

§ 578.27 Good Conduct Medal. Established by Executive Order 8809, June 28, 1941, 3 CFR, 1943 Cum. Supp., as amended by Executive Order 9323, March 31, 1943, 3 CFR, 1943 Cum. Supp., and Executive Order 10444, April 10, 1953, 18 F R. 2069.

(a) Requirements. (1) Exemplary behavior, efficiency, and fidelity in an enlisted status for:

(i) A period of three continuous years

completed after 26 August 1940; or

(ii) A period of one continuous year completed during time of war to include the period December 7, 1941, to March 2, 1946: or

(iii) Upon termination of service for a period of less than three continuous years, but more than one continuous year, when any portion of that period of service is rendered between June 27, 1950, and a date to be announced and no previous award of the Good Conduct Medal has been made; or

(iv) Upon termination of service of less than one continuous year when any portion of that period of service is rendered between June 27, 1950, and a date to be announced and final separation was by reason of physical disability

incurred in line of duty.

(2) All character and efficiency ratings, including those pertinent to attendance at service schools, must have been recorded as "Excellent" or higher, except that ratings of "Unknown" for portions of the period under consideration, and service school efficiency ratings of less than "Excellent" entered prior to 3 March 1946, will not be disqualifying.

(3) There must have been no convictions by courts-martial. Periods of service as a commissioned officer or warrant officer, other than Regular Army, will not be considered as an interruption of continuous service, although such periods will not be included in computation of total service accumulated towards an award of this medal. A period in excess of 24 hours between enlistments or between periods of commissioned and enlisted service will be considered as a break in continuous service.

3. In § 578.48d, paragraph (b) is revised to read as follows:

§ 578.48d United Nations Service edal. * * * Medal.

(b) Description. The medal is of bronze alloy 1.4 inches in diameter. On the obverse is the emblem of the United Nations (a polar projection map of the world, taken from the North Pole, embraced in twin olive branches) On the reverse, within a rim, is the inscription "For Service in Defense of the Principles of the Charter of the United Nations." The medal is suspended from a silk ribbon 2 inches in length and 1.33 inches in width, consisting of 17 stripes, 9 of United Nations blue and 8 of white, alternating, each stripe 0.08 inch in width.

A bar 7.5 inches in length and 0.25 inch in width, bearing the word "Korea," constitutes a part of the suspension of the medal from the ribbon.

Subchapter F-Merchant Ship Sales Act of 1946 [Gen. Order 60, Supp. 21, Amdt. 3]

PART 299—RULES AND REGULATIONS, FORMS, AND CITIZENSHIP REQUIRE-MENTS

CHARTER OF WAR-BUILT VESSELS TO CITI-ZERS; HET VOYAGE PROFIT

Procedure to be followed by Charterers in the Rendition to the Commission (now Maritime Administration, Department of Commerce) of Final Accountings under WARSHIPDEMISEOUT 203 and SHIPSALESDEMISE 303 Bareboat Charter Agreements.

It is ordered, That § 299.37-4 Net voyage profit in Subpart C of this chapter (General Order 60, Supplement 21) published in the FEDERAL REGISTER issue of March 30, 1950 (15 F. R. 1789) as amended (16 F. R. 551, 5444) be and it hereby is further amended as follows:

By adding at the end of paragraph (f) of § 299.37-4 Net voyage profit a new paragraph which shall read as follows:

(g) Post redelivery overhead expenses under Form No. 303 SHIPSALESDE-MISE agreements entered into subsequent to June 30, 1950; exception. (1) Post redelivery overhead expenses, to the extent determined by the Maritime Administration to have been reasonably and necessarily incurred in connection with the conduct of the operation of the chartered vessels, during a period not in excess of six (6) months (unless otherwise determined by the Owner) after redelivery of the last vessel under the last of any and all Form No. 303 SHIPSALES-DEMISE bareboat charter agreements entered into subsequent to June 30, 1950, which, collectively, had been continuously in effect, without interruption (excepting bareboat charter agreements which contain specific provisions with respect to the amount of allowable overhead) will be taken into account in the determination of "net voyage profit" thereunder, subject to the following conditions:

(i) That the charterer shall demonstrate to the satisfaction of the Maritime Administration, by presentation of statements fully supported by actual cost records or other sound accounting evidence. that such expenses were, in fact, necessarily and properly incurred in the conduct of the business of the chartered vessels and were not attributable to the conduct of other business of the charterer.

(ii) That post redelivery overhead expenses shall be deemed to include only such overhead expenses as are directly attributable to the completion and finalization of accounting for bareboat charter operations (excluding any cost of submitting final statements of additional charter hire for which allowances are elsewhere provided) the processing and settlement of inventories, the processing of applicable seamen's retroactive wage adjustments and related Federal and State payroll taxes, and the processing of and accounting for claims.

(iii) That post redelivery overhead expenses, to the extent allowed hereunder. may be allocated directly to operations under the bareboat charter agreements involved on the basis of the relation that the number of vessel days applicable to each accounting period under each agreement (or addendum with respect to which a separate determination of additional charter hire is required to be made) bears to the total vessel days under all such agreements (or addenda) for all such periods.

(iv) That statements of post redelivery overhead expenses shall be submitted to the Maritime Administration merce Commission, Division 3, held at its

within six (6) months immediately following the redelivery of the last vessel under the last agreement involved, or within ninety (90) days after publication of this amendment in the Federal REGISTER, whichever later occurs: Provided, however That upon application of the charterer the Administration may extend, for such further period as in its judgment is warranted by the circumstances in any instance, the time limit prescribed in this subparagraph for the submission of such statements.

(2) Statements of post redelivery overhead expenses may be integrated with the statements required by § 299.37-5 if the submission of the latter mentioned statements will not thereby be delayed; otherwise, supplementary accountings embodying statements of post redelivery overhead expense should be submitted.

(Sec. 204, 49 Stat. 1987, as amended, sec. 5, 55 Stat. 244, sec. 12, 60 Stat. 49; 46 U. S. C. 1114, 50 U.S. C. App., 1275, 1745)

Wage and Hour Division [29 CFR Part 708]

STRAW, HAIR, AND RELATED PRODUCTS DIVISION OF THE RUBBER, STRAW, HAIR, AND RELATED PRODUCTS INDUSTRY IN PUERTO RICO

MINIMUM WAGE RATES

On December 12, 1952, pursuant to section 5 of the Fair Labor Standards Act of 1938, as amended, hereinafter called the act, the Administrator of the Wage and Hour Division, United States Department of Labor, by Administrative Order No. 424, dated December 22, 1952, as amended by Administrative Orders Nos. 425 and 426, dated December 30, 1952, and January 19, 1953, respectively, appointed Special Industry Committee No. 13 for Puerto Rico, heremafter called the Committee, and directed the Committee to investigate conditions in a number of industries in Puerto Rico specified and defined in said orders, including the Straw, Hair, and Related Products Division of the Rubber. Straw, Hair, and Related Products Industry, and to recommend minimum wage rates for employees engaged in commerce or in the production of goods for commerce in such industries.

For purposes of investigating conditions in and recommending minimum wage rates for the Straw, Hair, and Related Products Division of the Rubber, Straw, Hair, and Related Froducts Industry, the Committee included three disinterested persons representing the public, a like number representing employers, and a like number representing employees in the industry, and was composed of residents of Puerto Rico and of the United States outside of Puerto Rico.

After investigating economic and competitive conditions in the Straw, Hair, and Related Products Division of the Rubber, Straw, Hair, and Related Products Industry the Committee filed with the Administrator a report containing its recommendation for a minimum wage rate of 37 cents per hour to be paid employees engaged in commerce or in the production of goods for commerce in such division of the industry.

Pursuant to notice published in the FEDERAL REGISTER and circulated to all interested persons, a public hearing upon the Committee's recommendations was

tents should be given in order that all held before Hearing Examiner Clifford P. Grant, as presiding officer, in Washington, D. C., on May 4, 1953, at which all interested parties were given an opportunity to be heard. After the hearing was closed the record of the hearing was certified to the Administrator by the presiding officer.

Upon reviewing all the evidence adduced in this proceeding, and after giving consideration to the provisions of the act, particularly sections 5 and 8 thereof, I have concluded that the recommendation of the Committee for a minimum wage rate of 37 cents per hour for the Straw, Hair, and Related Products Division, as defined, was made in accordance with law, is supported by the evidence adduced at the hearing, and taking into consideration the same factors as are required to be considered by the Committee, will carry out the purposes of sections 5 and 8 of the act.

I have set forth my decision in a document entitled, "Findings and Opinion of the Administrator in the Matter of the Recommendation of Special Industry Committee No. 13 for a Minimum Wage Rate in the Straw, Hair, and Related Products Division of the Rubber. Straw, Hair, and Related Products Industry in Puerto Rico," a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington 25, D. C.

Accordingly, notice is hereby given, pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U.S. C. 1001) and the rules of practice governing this proceeding, that I propose to approve the recommendation of the Committee for the Straw, Hair, and Related Products Division of the Rubber, Straw, Hair, and Related Products Industry and to amend § 708.1 of the wage order contained in this part by adding a paragraph (b) to read as set forth below, to carry such recommendation into effect. Within 15 days from publication of this notice in the FEDERAL REGISTER, interested parties may submit written exceptions. Exceptions should be addressed to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C. They should be submitted in quadruplicate, and should include supporting reasons for any exceptions.

§ 708.1 Wage rates. * * *

(b) Wages at a rate of not less than 37 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the Straw, Hair, and Related Products Division of the Rubber, Straw, Hair, and Related Products Industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

Signed at Washington, D. C., this 21st day of May 1953.

CIVIL AERONAUTICS BOARD [14 CFR Part 223]

[Economic Regs. Draft Release 61]

TARIFFS OF AIR CARRIERS: FREE AND REDUCED RATE TRANSPORTATION

PERSONS TO WHOM FREE AND REDUCED RATE TRANSPORTATION MAY BE FURNISHED

May 21, 1953.

By petition filed on March 16, 1953 (Docket No. 6003), Pan American World Airways, Inc. (Pan American) requested the Board to amend § 223.2 (b) of the Economic Regulations, relating to the persons to whom free or reduced rate transportation may be granted in a foreign country by United States flag carriers. Section 223.2 (b) currently provides, in part, that all air carriers engaged in overseas or foreign air transportation may furnish free or reduced rate transportation to:

(b) Directors, officers, and employees and members of their immediate families, of any person operating as a common carrier by air, or in the carriage of mails by air, or conducting transportation by air, in a foreign country, but only over routes and in territories served in such foreign country;

This authorization should be distinguished from the specific grant of authority in section 403 (b) of the act, which permits air carriers and foreign air carriers, subject to terms and conditions prescribed by the Board, to offer free or reduced rate transportation to officers, directors, and employees of other air carriers and foreign air carriers. This statutory grant does not extend. however, to persons similarly associated with airlines operating wholly between

foreign points, since such airlines are neither air carriers nor foreign air carriers, as defined by the Civil Aeronautics There is thus a difference in the treatment which may be accorded by way of free or reduced rate transportation to officials of foreign airlines, depending on whether the foreign airline concerned is authorized to serve a point in the United States.

The effect of the amendment proposed by Pan American, and supported by seven other air carriers engaged in foreign air transportation, is to eliminate the difference above referred to by striking the limitation now contained in § 223.2 (b), which confines the authority to "routes and in territories served in such foreign countries"

In support of its petition, Pan American states that local and regional airlines abroad frequently furnish the only connecting links to important sources of traffic, and that the proper development of this traffic requires training and indoctrination of representatives of such local carriers. Pan American further points out that the present restriction places air carriers of the United States at a competitive disadvantage with foreign airlines in that the latter are legally in a position to furnish necessary transportation to officials of the local and regional lines to their home offices in London, Paris, or Amsterdam, for example, whereas United States air carriers are unable to transport such officials to their home offices in New York or other places in the United States.

Section 4 (d) of the Administrative Procedure Act requires the Board to accord to any interested person the right to petition for the issuance, amendment, or repeal of a rule, and Rule 38 of the Board's rules of practice in economic proceedings makes specific provision therefor. Although the Board has formed no opinion as to the merits of the relief requested, it believes that the petition of Pan American World Airways, Inc., discloses sufficient reasons in support thereof to justify the institution of public rule-making proceedings on the matter. Accordingly, notice is hereby given that the Board will consider promulgation of an amendment to the Economic Regulations (14 CFR 223.2 (b)) in the form set forth in the proposed rule below.

Interested persons may participate in the proposed rule-making through the submission of three copies of written data, views, or arguments pertaining thereto, addressed to the Secretary, Civil Aeronautics Board, Washington 25, D. C. All relevant matter in communications received on or before June 25, 1953, will be considered by the Board before taking action on the proposed rule, which may be altered or amended in the light of the comments received.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, Secretary.

It is proposed to amend the Economic Regulations § 223.2 (b) to read as fol-

(b) Directors, officers, and employees and members of their immediate families, of any person operating as a common carrier by air, in the carriage of mails by air, or conducting transportation by air, in a foreign country.

May 21, 1953.

In the matter of Cities Service Company, The Gas Service Company, Gas Advisers, Inc., File No. 70-3069.

Notice is hereby given that Cities Service Company ("Cities") a registered holding company, The Gas Service Company ("Gas Service") a wholly-owned utility subsidiary of Cities, and Gas Advisers, Inc. ("Gas Advisers") a mutual service company owned by various subsidiaries in the Cities system which are served by said service company, have filed a joint application-declaration, pursuant to the Public Utility Holding Company Act of 1935 ("act") Applicantsdeclarants have designated sections 6. 7. 9, 11 and 12 of the act and Rules U-42, U-43, U-44 and U-50 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than June 9, 1953, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application-declaration. which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after June 9, 1953, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act. or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Gas Service's presently authorized and issued capital stock consists of 850,000 shares of common stock with a par value of \$10 per share, all owned by Cities. Gas Service proposes to increase its authorized common stock to 2,000,000 shares with a par value of \$10 per share, and to change its outstanding common stock to 1,500,000 shares, all of which will be owned by Cities. In connection with said increase of its outstanding common stock, Gas Service will transfer to its capital stock account all of its \$331,697.70 of capital surplus, and \$6,168,302.30 of its earned surplus.

Gas Service further proposes to amend its Certificate of Incorporation as follows:

(a) To provide for cumulative voting in elections of directors and to give common stockholders preemptive rights to purchase pro rata any new or additional shares of common stock, or securities convertible into common stock, that may be offered for money unless such offer be a public offering or an offering to or through underwriters or investment bankers who shall have agreed to make a public offering of such shares;

(b) To provide that the provisions relating to cumulative voting and preemptive rights shall not be amended without the affirmative vote of the holders of at least two-thirds of the out-

standing common stock;

(c) To provide that, except under certain specified conditions, Gas Service shall not merge or consolidate with another corporation without the affirmative vote of the holders of at least two-thirds of the outstanding common stock;

(d) To provide that a majority of the shares entitled to vote, represented in person or by proxy, shall constitute a quorum for meetings of stockholders and that this provision shall not be amended without the affirmative vote of the holders of at least a majority of the outstanding common stock;

(e) To provide that no person shall be a director or officer of Gas Service who is also a director or officer of Cities. or is a director or officer of any company which is or formerly was in the holding company system of Cities, and that a majority of the directors shall at all times be persons who are not employees or officers of Gas Service; and that this provision shall not be altered or repealed without the affirmative vote of the holders of at least a majority of the outstanding common stock.

Upon completion of the aforesaid changes in the authorized and outstanding common stock of Gas Service, Cities proposes, subject to satisfactory market conditions, to sell, pursuant to the competitive bidding requirements of Rule U-50, said 1,500,000 shares of common stock.

The proposed sale by Cities of its interest in Gas Service is stated to be in compliance with the Commission's order of May 5, 1944, as modified and clarified by supplemental order dated October 12. 1944, pursuant to section 11 (b) (1) of the act, directing among other things that Cities dispose of its interest in Gas Service.

Gas Service presently owns 270 shares of the capital stock, par value \$100 per share, of Gas Advisers. Subject to, and on the consummation of, Cities' proposed sale of its interest in Gas Service, the latter proposes to sell, and Gas Advisers proposes to purchase for retirement, said 270 shares for a consideration of \$27,000; and concurrently therewith the service contract dated January 1, 1938, between Gas Service and Gas Advisers will be terminated.

The application-declaration states that Cities will use the proceeds, estimated by Cities at approximately \$36,000,000, from the sale of its holdings of common stock of Gas Service to purchase additional common stock of its wholly owned subsidiary, Empire Gas and Fuel Company.

It is represented that the Nebraska State Railway Commission, the Public Service Commission of Missouri and the State Corporation Commission of Kansas have jurisdiction over certain of the proposed transactions, and that copies of orders of said Commissions authorizing such transactions will be supplied by

It is requested that the Commission's order herein make the necessary findings and contain the recitals required by Supplement R and section 1808 (f) of the Internal Revenue Code, as amended, with respect to certain of the proposed transactions, and that the order become effective upon its issuance.

By the Commission.

(b) Concurrence of receiving roads to be obtained: The railroad desiring to divert or reroute traffic under this order shall confer with the proper transportation officer of the railroad or railroads to which such taffic is to be diverted or rerouted, and shall receive the concurrence of such other railroads before the rerouting or diversion is ordered.

(c) Notification to shippers: Each carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carrier's disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) Effective date: This order shall become effective at 5:00 p. m., May 19,

(g) Expiration date: This order shall expire at 11:59 p. m., May 25, 1953, unless otherwise modified, changed, suspended or annulled.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement and by filing it with the Director, Division of the Federal Register.

[Rev. S. O. 562, Taylor's I. C. C. Order 18]

RAILROADS SERVING LOUISIANA, MISSIS-SIPPI, TEXAS AND ARKANSAS

REROUTING OR DIVERSION OF TRAFFIC

In the opinion of Charles W Taylor, Agent, the railroads serving the States of Louisana, Mississippi, Texas and Arkansas, are unable to transport traffic routed over their lines, because of floods and high water: It is ordered, That:

(a) Rerouting traffic: Railroads serving the States of Louisiana, Mississippi, Texas and Arkansas, unable to transport traffic in accordance with shippers' routing, because of floods and high water, are hereby authorized to divert such traffic over any available route to expedite the

movement, regardless of the routing shown on the waybill. The billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) Concurrence of receiving roads to be obtained: The railroads desiring to divert or reroute traffic under this order shall confer with the proper transportation officer of the railroad or railroads to which such traffic is to be diverted or rerouted, and shall receive the concurrence of such other railroads before the rerouting or diversion is ordered.

(c) Notification to shippers: Each carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carriers' disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) Effective date: This order shall become effective at 2:00 p. m., May 20, 1953.

T329.

(g) Expiration date: This order shall expire at 11:59 p. m., May 31, 1953, unless otherwise modified, changed, suspended or annulled.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement and by filing it with the Director, Division of the Federal Register.
